

In the process I presented a check from the Elmhurst Bicycle Club for \$1,000 to LAB at their Annual Meeting attended by about 150 people. (It would have been more people but the bar was open. ☺)

Presenting the EBC check to League Chair, Amanda Eichstaedt.

The Summit ended with a group ride through the DC area led by the Washington Area Bicycle Association. The ride started in snow flakes and it never warmed to more than 35 degrees.

The ride escorts through downtown DC were ex-Marines.

Posing for a group shot in front of the Capitol.

On the ride. Less organized than Club rides. Participants did finally get to riding no more than 2-up.
